Location & surrounding area:

Cala Longa is a small bay which is situated on the north side of the harbour of Mahon, its south-westerly orientation guarantees sunshine the whole day.

From here there are wonderful views over Mahon harbour, the largest natural harbour in Europe. This small but prestigious community is made up of many different nationalities and is one of the most exclusive residential areas in Menorca. Most of the residents are boat-owners.

Cala Longa is located only approx. 10 minutes by car from the centre of Mahon, and is very close to the beaches of Es Grau and Cala Mesquida.
